By this Amendment, independent claims 1, 9, 19 and 21 have been amended to clarify the subject matter of the recited invention. No new matter has been added. Claims 1-26 are pending in the application. Reconsideration and withdrawal of the rejections based upon the above amendments and the following remarks are respectfully requested.

Claims 1, 9, 19 and 21 have all been amended to include the feature that the pixel array, the driver and the control unit are formed directly on the substrate. Applicant respectfully submits that none of the cited references teaches or suggests at least this feature of the present invention.
